ON WAYS AND MEANS—MINORITY REPORT.

On claims of newspapers for the publication of constitutional amendments.

ASSEMBLY CHAMBER, SACRAMENTO, March 1, 1899.

MR. SPEAKER: We desire to make the following minority report from the Committee on Ways and Means of the Assembly, in reference to the amounts allowed, and recommendations made by a majority of the committee, to whom was referred Assembly bills for the payment of newspaper claims. While recognizing the fact that the publication of the constitutional amendments by the various newspaper proprietors was made with the reservation that their charges for the same would be paid only on approval by the State Board of Examiners, and the Legislature now assembled, we do not believe that the reductions recommended by a majority of the committee are just, and hereby dissent from the same.

It is our belief, and we hereby report, that the charges made by those papers who

were given authority to publish the amendments were reasonable, and no greater rates were charged the State than would have been charged a private citizen, company or corporation.

ARNERICH
GRIFFIN.

Mr. Dibble moved that the report of the Committee on Ways and Means and minority report of same be printed in the Journal.

AMENDMENT No. 1.

Amend the title by adding after the word "warehouses" the words "within the State of California, and to provide a penalty for violations of the provisions of this Act."

Amendment adopted.

AMENDMENT No. 2.

Amend by striking out all after the enacting clause and inserting in lieu thereof the following:

"SECTION 1. All warehouses and storehouses, and all buildings and premises used for storage purposes, and wherein property is stored for a compensation, are hereby declared to be public warehouses.

"SEC. 2. Every person, firm, or corporation now conducting, or who shall hereafter conduct a warehouse, or storage business in any public warehouse or warehouses, before transacting any such warehouse or storage business, and before issuing any warehouse receipt, shall file with the County Clerk of the county, or of the city and county, in which such business is conducted, a bond to the people of the State of California, with two or more good and sufficient sureties, in the penal sums herein designated, as follows: In all cities of the first class, and in all cities and counties, and in all counties of the first class, fifty thousand dollars; in all cities of the second class, twenty-five thousand dollars; in all cities of the third and fourth classes, ten thousand dollars; in all cities of the fifth and other classes, five thousand dollars; in all counties of the second, third, and other classes, five thousand dollars; such bond to be conditioned for the faithful performance of his, or their, or its duty in conducting or carrying on the business of a public warehouse, and as security for the payment of any penalties or damages found and adjudged in due course of law for the violation of any of the provisions of this Act, or of any of the laws of this State in relation to the duties and liabilities of warehousemen and depositaries for hire. Such bond shall be approved by a Judge of the Superior Court, and shall inure to the benefit of any depositor, or other person who shall suffer damage by any conversion, or misappropriation of goods, or other violation of law, or duty by such warehouseman, and such depositor, or other person damaged, may sue in his own name upon such bond. The sureties upon such bond must be freeholders within the State of California, and each surety must justify by making affidavit that he is worth the amount for which he seeks to qualify upon such bond; provided, however, that one of the sureties upon such bond may be a solvent surety company. A copy of this Act shall be attached to such bond before any of the sureties thereon shall justify. No lease, sale, or assignment of such warehouse, or of such warehouse or storage business, shall discharge the principal or sureties on any bond given under this Act, or deprive any depositor in such warehouse of his right of action on such bond, until such depositor shall have had thirty days' notice of such lease, sale or assignment; and if such depositor shall allow his goods to remain in such warehouse after such period of thirty days, then the principal and sureties upon such bond of the assignor, lessor, or vendor shall be relieved from further liability; and such assignee, lessee, or vendee shall, before he shall enter upon the business of public warehouseman, give a bond as in this Act required, and such bond shall cover all goods then in such warehouse. Upon complaint of any person, in writing, filed in the Superior Court, setting forth that any bond given under this Act shall have become void, or is insufficient security for the penal sum in which it was executed, the Judge of the Superior Court of the city and county, or of the county in which such

bond was filed, may, upon satisfactory proof, and upon five days' notice in writing, given under the seal of said Superior Court, to the party or parties for whom such bond was given, require a new and sufficient bond.

"Sec. 3. Any person who shall transact and carry on within this State the business of storing property for a compensation, or who shall issue a warehouse receipt, without first having filed a bond as in this Act provided, or who shall continue to transact or conduct such business after an order has been made requiring the filing of a new bond (save only that the property previously stored in such warehouse may be delivered to the person entitled to the same), shall be guilty of a misdemeanor, and upon conviction thereof shall be fined in a sum not more than three hundred dollars for each and every day such business is carried on after such order shall have been made and served.

"Sec. 4. All Acts and parts of Acts in conflict with the provisions of this Act are hereby repealed."

Amendment adopted.

ON MILEAGE.

ASSEMBLY CHAMBER, SACRAMENTO, February 25, 1899.

MR. SPEAKER: Your Committee on Mileage, to whom was referred a report and a resolution from Committee on Public Health and Quarantine, as follows:

ASSEMBLY CHAMBER, SACRAMENTO, February 21, 1899.

MR. SPEAKER: Your Committee on Public Health and Quarantine, authorized to visit San Francisco for the purpose of investigating the Sanitary Reduction Works and other matters pertaining to quarantine, submits its accounts for expenses as follows:

C. G. Cargill	\$18 00
C. B. Jilson	18 00
W. A. La Barea	18 00
G. D. Marvin	18 00
M. Brooke	18 00
A. H. Merrill	18 00
D. S. O'Brien	18 00
L. J. Hall, clerk	18 00
Total	\$144 00

We therefore recommend the adoption of the following:

ON STATE PRISONS AND REFORMATORY INSTITUTIONS.

ASSEMBLY CHAMBER, SACRAMENTO, March 3, 1899.

MR. SPEAKER: Your Committee on State Prisons and Reformatory Institutions, having visited the Whittier State School on Saturday, February 25, 1899, and examined into the management of the institution, and inspected the grounds, buildings, and water supply as closely as our time would permit, report as follows: We consider the management of this institution good. The Trades building, which accommodates the departments for carpentry, laundry, tailoring, shoemaking, printing, and also engine room and power-house, is in very poor condition—the jarring of the machinery having cracked the walls in many places, rendering it unsafe for its present use. We would recommend a new and separate department for the foundry and machine shops.

The other buildings are in good condition.

The source of the water supply is from the East Whittier Land and Water Company. The system is poor and expensive. The five inches owned by the State, together with the seven inches rented of the same company, does not provide the school with sufficient water for the engines, flushing, and domestic purposes, and is of poor quality on account of the silt held in solution. We consider that the school should own its water supply.

We are assured that the State can obtain an unlimited supply of pure water by boring artesian wells along the San Gabriel River, about a mile distant, at a cost of about \$15,000, and purchase land for the same at a nominal sum.

However this may be, we desire to call your attention to the absolute necessity of a further water supply.

ATHERTON, Chairman.

Ordered printed in the Journal.

On and after the first day of September, eighteen hundred and ninety-nine, no fire insurance company, corporation, or association, its officers or agents, shall make issue, or use, or deliver for use, any fire insurance policy on property in this State, except warehouse and growing grain policies, other than shall conform, in all particulars, as to blanks, size of type, content, provisions, agreements, and conditions with the printed form of contract or policy to be filed in the office of the Insurance Commissioner, as provided in four hundred and thirty-four of the Civil Code, and no other or different provision, condition, agreement or clause shall, in any manner, be made a part of said contract or policy, or be indorsed thereon, or delivered therewith, except as follows, to wit:

"5. Where two or more companies, each entitled to do business in this State, unite to issue a joint policy, there may be expressed in the heading of such policy the fact of the severality of the contract; also, the proportion of premium to be paid to each company, and the proportion of liability which each company agrees to assume, and in the printed conditions of such policy the necessary change may be made from the singular to the plural number, when reference is had to the company issuing such policy.

The Insurance Commissioner shall prepare and file in his office, on or before the first of June, eighteen hundred and ninety-nine, a printed form, in blank, of a contract or policy of fire insurance, together with such agreement, provisions, or conditions, as may be indorsed thereon, or added thereto, and form a part of such contract or policy; and such form, when so filed, shall be known and designated as the 'California standard fire insurance policy,' and such form shall, as near as can be made applicable, conform to the New York standard fire insurance policy, so called and known. Immediately after filing said form of policy in the office of said Insurance Commissioner, he shall have five hundred copies of the same printed, and mail a copy of the same to each company doing a fire insurance business in this State."

MR. SPEAKER: Your Committee on Rules and Regulations have the honor to report that they have held a joint conference with the Senate Committee on Rules and Revision with respect to the action of the Assembly on Assembly Bill No. 118.

It was contended by the Committee on Rules and Revision of the Senate that the action of the Assembly in postponing indefinitely the report of the Conference Committee on Assembly Bill No. 118 (the conference having been ordered by each house) was unparliamentary, and tended to deprive the Senate of its parliamentary right to recede from the amendments introduced in that body, and thereby to defeat the bill.

Committee Substitute for Senate Bill No. 227—An Act making an appropriation to pay the unpaid claims for bounty on coyote scalps.

Passed on file.

Mr. Kelsey was granted unanimous consent to submit the following amendments, which were ordered printed in the Journal:

AMENDMENT No. 1.

Amend the title by striking out the whole thereof, and inserting in lieu of same the following:

"An Act directing and authorizing an action in interpleader between the people of the State of California and any claimants under a certain Act entitled 'An Act fixing a bounty on coyote scalps,' approved March 31, 1891, and making an appropriation for the payment and satisfaction of any judgment or judgments against the State of California recovered in such action."

AMENDMENT No. 2.

Amend by striking out all after the enacting clause, and inserting in lieu thereof the following:

"SECTION 1. The sum of two hundred and eighty-seven thousand six hundred and fifteen (\$287,615) dollars, or so much thereof as shall be required, is hereby appropriated out of any moneys in the State Treasury not otherwise appropriated, for the purposes in this Act specified.

"SEC. 2. Within thirty days after taking effect of this Act, the Attorney-General of the State shall file in the Superior Court of the County of Sacramento, State of California, an action of interpleader, in the name of the People of the State of California, as plaintiff, wherein all the claimants against the State under that certain Act entitled 'An Act fixing a bounty on coyote scalps,' approved March 31, 1891, so far as known, who have presented claims in the form of County Clerk's certificates to the State Board of Examiners, or to the Controller of State, and all others known or believed by him to be claimants, shall be impleaded as defendants.

"A sufficient number of copies of the complaint and summons, to answer all the purposes of such action, and all other printing required in such action, or rendered necessary by the provisions of this Act, shall, upon an order of the Attorney-General, be printed and furnished to any party to such action, by the State Printer.

"The issuance of summons shall be withheld in such action for the period of thirty days after the filing of the complaint, during which period written appearances may be entered and filed by attorneys for the respective defendants, who shall notify the Attorney-General of such appearances, and the Attorney-General shall thereupon immediately furnish them with copies of the complaint; *provided*, that any number of claimants may answer jointly.

"Within ten days after having been so furnished with copies of the complaint, the parties so appearing shall answer (except that, for good cause shown, the Court may extend the time for pleading not exceeding ten days in any case); *provided, however*, that defendants so answering may also demur to the complaint, but such demurrers must be filed with the answers.

"In each case, and in every instance, papers to be filed in such action, prior to the entry of final judgment, shall be filed by the County Clerk without costs or fees for either party.

"Appearances may be entered, as of course, at any time prior to the appointment of the referee and stenographer, as hereinafter provided; and new parties may be added, and defaults may be set aside, upon motion and a showing satisfactory to the Court, made either by the Attorney-General, or by the persons seeking to become parties, or asking that their defaults be set aside, upon due notice to the Attorney-General, at any time prior to the filing of the report and findings of the referee, as hereinafter provided; but evidence may only be taken after the time herein limited for the taking of

testimony by the referee at the several county seats, before such referee at the office of the County Clerk, or at a place agreed upon by the Attorney-General, in writing filed in such action.

"At the expiration of thirty days after the filing of such complaint, summons shall issue, directed to the Sheriff of the County of Sacramento, but the same shall not be delivered to him or to any other officer (except to the Attorney-General) until forty days thereafter; and the Attorney-General shall immediately, upon the issuance of the summons, cause to be mailed to the post office address of each defendant whose appearance has not been entered, and whose post office address is known, or which can be ascertained by an inspection of the papers on file in the office of the Controller of State or in the office of the State Board of Examiners, a copy of the complaint and summons, with the postage and return postage fully prepaid; and the Attorney-General shall cause to be printed in plain type on each envelope containing such complaint and summons, the words:

"*To Postmaster* If wrong address, please forward. If address not known, or not delivered, please hold for thirty days, and then return to the office of the Attorney-General of the State of California, at Sacramento, California."

"If, at the expiration of forty days after the issuance and delivery to the Attorney-General of such summons, any defendant or defendants has or have failed to appear, the summons shall then issue and be delivered to the Sheriff of the County of Sacramento, who shall serve and make return in the same manner as in other cases by the Code of Civil Procedure provided; and if he be unable to make service, he shall so state in writing, giving briefly the reasons, if known. Alias summons may issue to the Sheriff of any county in the State, immediately upon request of the Attorney-General, and service and return made as above provided.

"All returns of service of summons shall be made and completed within thirty days after the delivery of the summons to the Sheriff of the County of Sacramento.

"Personal representatives of defendants, or of owners of claims, who have died since acquiring an interest, may be added from time to time as parties defendant, and may be served, or may enter their appearances and plead, within the same time and upon the same terms as above provided for original defendants.

"SEC. 3. As to all defendants not found or not appearing, upon compliance with the above provisions relating to appearance and service of summons, service by publication may be ordered, and shall be made in a newspaper of general circulation, published in the County of Sacramento, as designated by the Court. Such publication shall be ordered and made upon the same showing by the Attorney-General on behalf of the people of the State of California, and in the same manner as provided by the Code of Civil Procedure in other cases, except as herein otherwise provided. Except as otherwise provided in this Act such action shall be conducted and governed by the usual rules of procedure and principles of decision in actions of interpleader.

"SEC. 4. When all the issues in such action are made up, and the defaults (if any) of all defendants who have been actually or constructively served, and who have failed to appear, or who, having appeared, have failed to plead, have been duly entered, the Court shall then appoint some competent person as referee, and a competent stenographer to act with and assist such referee.

"The referee shall, during the first six months immediately following the date of his appointment as such referee, visit each and every county in the State in which (as may be indicated by the papers or records on file in the offices of the Controller of State and the State Board of Examiners) claimants to the number of one hundred or more may reside, and shall at the county seat of each and every county so visited, and in the office of the County Clerk thereof, examine witnesses under oath, and shall take all such relevant, competent, and material testimony as shall be offered in support of the allegations contained in the pleadings in such action.

"The referee shall give the defendants due and timely notice of the time and place for taking of testimony in the respective counties, and of the duration of his visit, which notice shall be mailed at least five days preceding the first day of his attendance at the particular county seat of each defendant's address. He shall, in like manner, notify defendants residing in counties not to be visited, of the time, place, and duration of his visit to the county seat nearest to their respective addresses.

"The parties to such action shall at all times be permitted to appear before such referee, either in person or by counsel.

"The stenographer so appointed shall accompany the referee, and he shall take down and properly transcribe the testimony, making two copies thereof, which he shall deliver to the referee.

"Not less than three nor more than ten days shall be spent at each county seat so visited by such referee and such stenographer, and they shall each day of their stay be present in the office of the County Clerk between the hours of nine o'clock A. M. and five o'clock P. M. for the purpose of performing their duties as aforesaid; *provided*, that, for good cause shown, the Court may extend the time at any county seat for a period of not more than five days.

"Such referee may withdraw, and he shall be permitted to withdraw, from time to time, for the purposes of such action, from the respective offices of the Controller of State and of the State Board of Examiners, such of the County Clerk's certificates to claims under the said Act of March 31, 1891, and all other papers filed in connection therewith, as may be required in the performance of his duties, he to give his receipt therefor.

"When not actually engaged in taking evidence at county seats, other than at Sacramento, or when traveling for that purpose, such referee and such stenographer shall, between the hours 9:30 o'clock A. M. and 4 o'clock P. M. of each and every day (Sundays and holidays excepted), unless prevented by physical inability or other unavoidable cause, be present for the performance of their duties at the office of the County Clerk of the County of Sacramento, or at such other place at the county seat of Sacramento County as the Attorney-General may agree upon in writing filed in said action.

"Within sixty days after the time hereinbefore limited for the taking of testimony, the referee shall complete and file his report and findings in such action, together with a transcript of the testimony taken, and he shall deliver to the County Clerk of the County of Sacramento all papers and documentary evidence in his possession pertaining to such action, taking the said Clerk's receipt therefor, and he shall on the same day deliver at the office of the Attorney-General, in the Capitol at Sacramento, a copy of such report, findings, and transcript; and both of such copies shall at all times be accessible to the public, and any of the parties to such action may make a copy or copies of the same, or of any part thereof.

"Upon the filing of such report, findings, and transcript, if the Court shall approve the same (and if not, when corrected and approved), judgment shall immediately be entered.

"Any party may move to vacate the judgment, or to modify the judgment, or for the entry of a different judgment, or for a new trial, and may appeal from such judgment, and from any order made in such action, as in other cases provided.

"Such reference shall continue, and such referee and stenographer, or their successors, shall be retained until all motions after judgment have been disposed of, and they shall perform all such duties as may be required of them by the Court.

"SEC. 5. The referee and the stenographer shall each be allowed by the Court compensation not to exceed the sum of three hundred dollars per month, and all actual expenses by them incurred, as evidenced by proper vouchers; and, upon orders by the Court, made from time to time, such compensation and expenses, and all costs of such action, shall be paid to the persons entitled to receive the same, out of the amount appropriated by this Act, and warrants therefor shall be drawn by the Controller of State, and the same shall be paid by the State Treasurer.

"In case of the death, or in case of the refusal or inability to act, of such referee and stenographer, or of either of them, the Court shall appoint another or others to succeed each or both of them; and the Court may, for good cause shown, summarily remove them, or either of them, and appoint others in their place and stead.

"SEC. 6. The Attorney-General shall, within ten days after the entry of judgment in such action, cause a certified copy thereof to be filed with the Controller of State, and thereafter, if no appeal has been taken by the State, upon application of the parties in whose favor such judgment was rendered, where no appeal has been taken from the particular portion in favor of the particular party or parties defendant so applying, or upon the application of their attorneys of record in such action, warrants shall be drawn for one half of their and of each of their proportional share and interest in such judgment, less their or his proportionate share of the total of the costs and expenses incurred in such action; and upon like application made during the following fiscal year, warrants shall be drawn and paid, in like manner, for the balance due upon such judgment.

"The costs and expenses of such action shall be borne by the defendants in proportion to the amounts their respective interests bear to the entire judgment; and the same shall be ascertained by the Court, and provided for in the judgment.

"SEC. 7 This Act shall take effect immediately."

"Section 433. On and after the first day of September, eighteen hundred and ninety-nine, no fire insurance company, corporation or association, its officers or agents, shall make, issue, or use, or deliver for use, any fire insurance policy on property in this State, except warehouse and growing grain policies, other than shall conform, in all particulars, as to blanks, size of type, context, provisions, agreements, and conditions with the printed forms of contract or policy to be filed in the office of the Insurance Commissioner, as provided in four hundred and thirty-four of the Civil Code, and no other or different provision, condition, agreement, or clause, shall in any manner be made a part of said contract or policy, or be indorsed thereon, or delivered therewith, except as follows, to wit:

"1. The name of the company, its location or place of business, the date of its incorporation or organization, and the State or country under which the same is organized; the amount of paid-up capital stock, whether it is a stock or mutual company, the names of its officers, the number and date of the policy; and if it be issued through a manager or agent of the company, the words, 'This policy shall not be valid until countersigned by the duly authorized manager or agent of the company at —,' may be printed on policies issued on property in this State.

"2. Printed or written forms of description and specification or schedules of the property covered by any particular policy, and any other matter necessary to clearly express all the facts and conditions of insurance on any particular risk (which facts or conditions shall in no case be inconsistent with, or a waiver of, any of the provisions of

conditions of the standard policy provided for herein), may be written upon or attached or appended to any policy issued on property in this State.

"*Provided*, that a provision may be attached to a policy making loss, if any, payable to a mortgagee or trustee, as his interest may appear, and such provision may contain a waiver of certain conditions of the policy so far as they affect the interest of such mortgagee or trustee.

"3. A company, corporation, or association, organized or incorporated under and in pursuance of the laws of this State, or elsewhere, if entitled to do business in this State, may, with the approval of the Insurance Commissioner, if the same is not already included in the standard form to be filed in the office of said commissioner, as provided for herein, print on its policies any provision which it is required, by law, to insert therein, if such provision is not in conflict with the laws of this State, or of the United States, or of the provisions of the standard form provided herein; but said provision or provisions shall be printed apart from the other provisions, agreements, or conditions of the policy, and in type not smaller than the body of the policy, and under a separate title, as follows: 'Provisions required by law to be stated in this policy,' and be a part of said policy.

"4. There may be indorsed on the outside of any policy herein provided for, the name, with the word 'agent' or 'agents,' and place of business of any insurance agent or agents, either by writing, printing, stamping, or otherwise.

"5. Where two or more companies, each entitled to do business in this State, unite to issue a joint policy, there may be expressed in the heading of such policy the fact of the severality of the contract; also, the proportion of premium to be paid to each company, and the proportion of liability which each company agrees to assume, and in the printed conditions of such policy, the necessary change may be made from the singular to the plural number, when reference is had to the company issuing such policy.

"*Provided*, that any policy made, issued or delivered, not in conformity with this section, shall nevertheless be binding upon the company issuing the same, and such company shall thereafter be disqualified from doing any insurance business in this State.

"Sec. 2. A new section is hereby added to the Civil Code, to be known as section four hundred and thirty-four, to read as follows:

"Section 434. The Insurance Commissioner shall prepare and file in his office, on or before the first of June, eighteen hundred and ninety-nine, a printed form, in blank, of a contract or policy of fire insurance, together with such agreement, provisions, or conditions, as may be indorsed thereon, or added thereto, and form a part of such contract or policy; and such form when so filed shall be known and designated as the 'California standard fire insurance policy,' and such form shall, as near as can be made applicable, conform to the New York standard fire insurance policy, so called and known. Immediately after filing said form of policy in the office of said Insurance Commissioner, he shall have five hundred copies of the same printed, and mail a copy of the same to each company doing a fire insurance business in this State."

Also: Amend the title to read as follows: "Add two new sections to the Civil Code, to be known as Sections 433 and 434 thereof, relating to the form of fire insurance policies."

MESSAGES FROM THE GOVERNOR.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 6, 1899. }

To the Assembly of the State of California:

I have the honor to inform your honorable body that I have approved Assembly Bill No. 375

HENRY T. GAGE,
Governor of the State of California.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 6, 1899. }

To the Assembly of the State of California:

I herewith return to your honorable body, without my approval, Assembly Bill No. 24, with my objections thereto:

The bill proposes to amend Section 1524 of the Penal Code, relating to the grounds upon which a search warrant can be issued, by adding to said section the following:

"4. When the property is a cask, keg, bottle, vessel, siphon, can, case, or other package, bearing printed, branded, stamped, engraved, etched, blown, or otherwise attached or produced thereon the duly filed trademark or name of the person by whom, or in whose behalf, the search warrant is applied for, in the possession of any person, except the owner thereof, with intent to sell, traffic in, or refill the same, or in the possession of another to whom such person shall have delivered it, with such intent, and without such owner's consent, or unless the same shall have been purchased from the owner thereof; in which case it may be taken on the warrant from such person, or from any place occupied by him, or under his control, or from the possession of the person to whom he may have delivered it."

This provision omits the necessary element of intent with which the selling, trafficking, or refilling is done, and would give the right of search in cases of mere innocent user of casks, kegs, bottles, vessels, siphons, cans, cases, or other packages. It is, in fact, subject to the same objections specified in my former message of date February 23, 1899, disapproving Assembly Bill No. 23.

HENRY T. GAGE,
Governor of the State of California.

The question being, "Shall the bill become a law notwithstanding the objections of the Governor?"

The roll was called, and the veto of the Governor sustained by the following vote:

AYES—None.

NOES—Messrs. Barry, Beecher, Belshaw, Blood, Boone, Boynton, Brown, Burnett, Caminetti, Cargill, Chynoweth, Clark, Clough, Cobb, Conrey, Cosper, Crowder, Crowley, Devoto, Dibble, Fairweather, Feliz, Glenn, Griffin, Hanley, Henry, Hoey, Huber, Jilson, Kelsey, Kennecally, Knights, Knowland, Le Baron, Lardner, Mack, Marvin, McDonald of Tuolumne, McKeen, Mead, Merrill, Milce, Miller of Los Angeles, Miller of San Francisco, Muentner, O'Brien, Pierce, Radcliff, Sanford, Eugene Sullivan, White, Works, and Mr. Speaker—53.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 6, 1899. }

To the Assembly of the State of California

I herewith return to your honorable body, without my approval, Assembly Bill No. 25, with my objections thereto:

Assembly Bill No. 24 having been heretofore disapproved, and this bill being supplemental thereto, and a reference being made in this Assembly Bill No. 25 to the fourth subdivision of Section 1524 of the Penal Code, and there being no such subdivision of such section as the law now stands, I am, therefore, compelled to disapprove of the present bill.

HENRY T. GAGE,
Governor of the State of California.

The question being, "Shall the bill become a law notwithstanding the objections of the Governor?"

The roll was called, and the veto of the Governor sustained by the following vote:

AYES—None.

NOES—Messrs. Barry, Beecher, Belshaw, Blood, Boone, Boynton, Brown, Caminetti, Cargill, Clark, Clough, Cobb, Conrey, Crowder, Crowley, Dale, Devoto, Dibble, Fairweather,

Feliz, Glenn, Griffin, Hanley, Henry, Hoey, Huber, Jilson, Kelsey, Kenneally, Knights, Knowland, Le Baron, Lardner, Mack, Marvin, McDonald of Tuolumne, McKeen, Mead, Merrill, Milice, Miller of Los Angeles, Miller of San Francisco, Muentner, O'Brien, Raub, Raw, Sanford, Eugene Sullivan, E. D. Sullivan, White, Works, and Mr. Speaker—52.

MR. SPEAKER: Your Committee on Rules and Regulations have the honor to report that they have held a joint conference with the Senate Committee on Rules and Revision with respect to the action of the Assembly on Assembly Bill No. 118.

It was contended by the Committee on Rules and Revision of the Senate that the action of the Assembly in postponing indefinitely the report of the Conference Committee on Assembly Bill No. 118 (the conference having been ordered by each house) was unparliamentary, and tended to deprive the Senate of its parliamentary right to recede from the amendments introduced in that body, and thereby to defeat the bill.

Your committee therefore recommend that the action of the House in postponing indefinitely the report of the Conference Committee on Assembly Bill No. 118 be reconsidered; that the Assembly conferees on said bill be discharged from further consideration of the bill; that the Senate be informed that a free conference is desired, and that free conferees be appointed by the Speaker.

REPORTS OF STANDING COMMITTEES.

ON STATE HOSPITALS AND ASYLUMS—(OUT OF ORDER)

ASSEMBLY CHAMBER, SACRAMENTO, March 7, 1899.

MR. SPEAKER: Your Committee on State Hospitals and Asylums beg leave to report as follows:

On the afternoon of Saturday, February 25, 1899, they visited the Stockton State Hospital, and upon that evening and the following day made a thorough inspection of the institution in all of its details. The female department was found to be admirable, and the best of its kind in the State. Everywhere was apparent a cheerful and home-

like aspect, the patients cleanly and well clad and well fed, and everything seemed to be done to make their surroundings as pleasant and cheerful as possible.

The men's department was also found to be in good condition, but the furnishings in the old building are all old, worn-out, and inadequate. The carpets and furniture have been in use for many years, and show the results of long usage, and we would recommend that, as soon as possible, the managers take steps to refurnish this department of the institution.

The plan to purchase land for the farm in connection with the hospital is considered wise, and we are convinced that it would be for the best interests of the institution and the taxpayers of the State to make the purchase. A large number of patients can undoubtedly be worked with benefit to themselves on the farm and with advantage and profit to the hospital. We therefore warmly recommend this purchase to the managers.

We found the Board of Managers, officers, and employes of the institution thoroughly attentive to their duties and deeply interested in their work, and we were very much pleased by the interest shown on all sides. As at the Mendocino State Hospital, the employes are not uniformed, and we recommend that all employes, both male and female, be uniformed.

All of which is respectfully submitted.

WADE, Chairman.

ON COMMERCE AND NAVIGATION—(OUT OF ORDER).

MR. A. S. CROWDER, *Member of Assembly*.

DEAR SIR: Mr. M. J. Green has just now communicated with me by telephone, saying that his wife has been very ill for the last few days, and that she is now in a critical condition. That this renders it absolutely impossible for him to leave her to attend to the citation of the House for to-day. Yours in haste,

EXPLANATIONS OF VOTES.

MR. SPEAKER: In the Assembly Journal of Wednesday, March 8, 1899 (pages 15 and 16), in the matter of the contempt proceedings against the witness, Milton J. Green, wherein the following resolution, viz.:

"Resolved, That the contempt proceedings against Milton J. Green be dismissed by this Assembly,"

was lost, I am recorded as voting "no," when in fact I should be recorded as voting "aye." Therefore, as the Speaker rules that a roll call cannot be changed after the announcement thereof, I desire that the Journal show that my vote was and should be "aye," by placing this communication in the Journal.

R. DE LANCIE.

ASSEMBLY CHAMBER, SACRAMENTO, March 8, 1899.

To the Speaker of the Assembly:

I did not desire to vote on the question before the House because I consider that it is one that the Republican members of this Assembly should deal with and settle. Up to this time the Democratic minority, of which I am a member, have held aloof and have refrained from taking part in this matter, so far as voting to either hold or excuse Mil-

ton J. Green from appearing at the bar of the House, and, in my humble opinion, they should continue to do so to the end of this session, and I, for one, wished to refrain from voting, but under compulsion, and against my protest, was compelled to vote.

DANIEL S. O'BRIEN.

Ordered printed in the Journal.

I voted aye because I wanted to see an end to a great farce.

A. CAMINETTI.

Ordered printed in the Journal.

QUESTION OF PERSONAL PRIVILEGE.

Mr. Dibble spoke to question of personal privilege regarding an article in the San Francisco Call.

Mr. Johnson spoke to question of personal privilege on same matter.

Mr. Raw also addressed the Assembly on the same subject.

REPORTS OF STANDING COMMITTEES.

ON JUDICIARY—MINORITY REPORT—(OUT OF ORDER)

ASSEMBLY CHAMBER, SACRAMENTO, March 8, 1899.

MR. SPEAKER: We, the undersigned, a minority of your Committee on Judiciary, herewith submit the following amendment to substitute for Senate Bill No. 27, introduced by Senator Simpson, with the recommendation that the same be adopted, and that the substitute for said bill, as thus amended, do pass:

Strike out all after the words "An Act" where they first occur in title of said bill, and insert the following:

"Amending the Civil Code of the State of California by adding thereto a new section, to be numbered 494, authorizing the sale by any railroad company owning any railroad in this State, of all of its capital stock, or any part thereof, to any other railroad company, whether organized under the laws of this State, or of any other State or Territory, or under any Act of Congress; and prescribing the conditions and penalties under which such capital stock so sold may thereafter be controlled and enjoyed.

"The People of the State of California, represented in Senate and Assembly, do enact as follows:

"SECTION 1. A new section is hereby added to the Civil Code of the State of California, to be numbered Section 494, to read as follows:

"494 Any railroad corporation owning any railroad in this State, may sell, convey, and transfer all of its capital stock, or any part thereof, to any other railroad corporation, whether organized under the laws of this State, or of any other State or Territory, or under any Act of Congress; and any other such railroad corporation receiving such conveyance may hold and operate such railroad within this State, and may build and operate extensions and branches thereof, and thereunto exercise the right of eminent domain, and do any other business in connection therewith, as fully and effectually, to all intents and purposes, as if such corporation were organized under the laws of this State; *provided*, that such sale, conveyance, and transfer shall be made within three years from the date this section shall take effect; *and provided further*, that before such sale, conveyance, or transfer shall become operative an agreement in writing must be executed by the parties thereto, containing the terms and conditions of the purchase and sale, and its execution must be authorized by the board of directors and ratified by three fourths of the stockholders of each of the railroad companies that are parties to such conveyance and transfer; and said agreement or conveyance shall be recorded in each county through which such road or roads pass in this State; *and provided further*, that no sale, conveyance, or transfer under the provisions of this section shall relieve the capital stock sold, conveyed, or transferred from the liabilities of the grantor which may have been contracted or incurred in the operation, use, or enjoyment of such capital stock or property, or of any of its privileges; *and provided further*, that this section shall not authorize any corporation to purchase the capital stock, or any portion thereof, of any railroad corporation operated in competition with it; *and provided further*, that any or all established rates for fares and tolls for carrying passengers or freight between any points upon any railroad whose capital stock or any portion thereof may be purchased under the provisions of this section, shall not be increased; *and provided further*, that whenever a railroad corporation which has purchased the capital stock, or any portion thereof, of any other railroad corporation under the provisions of this section, shall, for the purpose of competing with any other common carrier, or otherwise, lower its rates for transportation of passengers or freight from one point to another upon the line of such corporation, such reduced rates shall not be again raised or increased from such reduced standard; *and provided further*, that a sale, conveyance, or transfer under the provisions of this section shall in no wise affect the powers of this State over any corporation whose capital stock, or any portion thereof, may be sold as aforesaid, or over its properties, charter, and franchise, or the power of this State to alter, revise, amend, or repeal the

charter or franchise of such corporation, or the power of this State to fix or determine the rates of fares and freight over the lines thereof; and *provided further*, that for every violation of the provisions of this section on the part of the directors, or other governing officers, of any such corporation affected by the provisions hereof, the State shall be entitled to recover from such offending railroad company the sum of fifty thousand dollars. It is hereby declared to be the duty of the Attorney-General of this State, in the event of any such violation, to demand and collect from such company the said penalty; and he is hereby authorized and empowered to prosecute all the necessary actions, in the name of the people of the State of California, against such company in the courts of this State. All money so collected shall be paid into the General Fund of this State.

"Sec. 2. This Act shall take effect immediately."

We regret that the time allowed during the closing days of the session for the examination of this important and far-reaching measure prevents a suitable discussion and consideration of the subject in this report.

We respectfully submit that existing laws are sufficient for all practical purposes, and that no necessity based upon public interests calls for any modifications thereof; much less has any necessity been shown for the passage of the measure recommended by the majority of the committee.

We contend that the passage thereof will, according to its provisions, remove all railroads coming under its operation from State control. The contention of the gentleman who appeared in favor of said proposed bill, based on the case of *Graham vs. Boston, Hartford and Erie R. R. Co.*, reported in 118 U. S. Reports, page 161, etc., is not even sustained by that decision. Moreover, this contention is negatived by other and later decisions. (See 118 U. S., pages 295 and 296; 122 Id., 405.)

The question of consolidation of great railway systems is one now confronting the people of the United States. The motive moving these great interests in that direction ought to be easily understood by a people who have submitted patiently to unreasonable exactions in the past.

California now retains in its authority certain rights important and vital to the interests of commerce and the people. Instead of considering even the question of removing legal barriers, that of enforcing and making them effective for the general welfare should be advocated and adopted. Under the plea of aiding a competing line, we should not throw down the bars that give the State what little rights it still possesses, and enable other corporations, as the majority bill evidently permits, to remove themselves from State control. The minority amendment permits companies to buy and own all the capital stock of any State corporation, to exercise the right of eminent domain, and to exercise all the general powers of corporations organized under the laws of California. We consider this sufficient for all reasonable purposes demanded by any competing line. Further than this we believe it against public policy to go.

We call to the attention of the House that consolidation is not the only matter involved in the bill as it passed the Senate, but aims and ends not now disclosed, nor apparent on the face thereof, will certainly, in the near future, arise to vex and annoy the State and its people, if the measure should become a law.

WHITE,

MESSAGES FROM THE GOVERNOR.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 9, 1899 }

To the Assembly of the State of California.

I have the honor to inform your honorable body that I have approved Assembly Bills Nos. 1001, 1002, and 322.

HENRY T. GAGE,
Governor of the State of California.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 9, 1899 }

To the Assembly of the State of California.

I herewith return to your honorable body, without my approval, Assembly Bill No. 5, with my objections thereto.

This bill exhibits the evils of over zeal. Apparently designed to relieve the burdens laid upon all dumb animals, it actually imposes the ponderous financial burden of \$102,600 annually upon the mule, but human, taxpayers of the State, or a tax upon people of each county of the State of \$1,800 per annum for the benefit of the sympathetic friends of the brute. For the violation of any one of the extraordinary provisions of this bill, the offense is rated so high that all members and agents of the society referred to in the Act are authorized to start upon a pilgrimage of human slaughter, and for such purpose "may carry the same weapons" that sheriffs, constables, police, and peace officers "are authorized to carry."

These newly created knights of the pistol and truncheon are justified by this bill in the use of armed intervention, not for the benefit of the State, but for the purpose of increasing the exchequer of the incorporated humane societies.

The societies characterized as "humane" which should operate under this bill would soon prove a misnomer, inasmuch as by its provisions the officers of such societies are authorized to kill every sick, disabled, infirm, or crippled animal which may have been abandoned by its owner, and are empowered to use force and arms against any person who should remonstrate or interfere with this sanguinary duty.

Another unusually cruel feature of the bill is to be found in Section 21, where it is made the duty of every owner of an animal "which is unfit, by reason of its physical condition, for the purpose for which such animals are usually employed, and when there is no reasonable probability of such animal ever becoming fit for the purpose for which it is usually employed," to kill the same within twelve hours after being notified by a peace officer or officer of said society. So, therefore, if the animal should have been used for racing or breeding purposes, and should be no longer fit therefor, the unfortunate beast must be deprived of life. This doctrine is wholly indefensible. If the owner

of a horse destined for such a fate because of such uselessness should happen to be a hippophile, and lack the bloodthirsty spirit necessary for obedience to such officer's command, then he is deemed guilty of a misdemeanor, and subjected to the punishment of fine or imprisonment, or both, as provided for in the Act.

I find a singular ambiguity in Section 22 of the bill, which, should it become a law, might puzzle the ermined arbiters, namely, where the following language is used: "Any person or persons holding a lien or liens against any animal, or animals, under the provisions of this Act, may satisfy such lien as follows: If such lien be not paid by the party or parties responsible within three days after the obligation becomes due, then the party or parties holding such lien may resort to the proper court to satisfy the claim; or he or they, three days after the charges against such property becomes due, may sell the same, or so much thereof as may be necessary to defray the amount due and costs of sale," etc.

Now, as by Section 20 no tail shall be "docked" or shortened, it might be difficult for a strict constructionist to determine whether the tail should be included or excluded from the sale, and a conflict might arise which would involve mathematics as well as ethics.

But, disregarding this possible conflict, as of trivial importance, it is not useless to the taxpayer to scrutinize the purpose of the bill, which seeks to impose all the expenses of the trials and proceedings upon the several counties, and to permit the humane societies to reap the benefit of the fines imposed, without the expenditure of a single dollar.

I am heartily in favor of proper measures for the protection of all animals from cruelty, but such a measure as this proposed cannot, without grave injustice, accomplish such object; nor does it warrant the enormous annual expenditure of \$102,600. to be paid by the taxpayers of the several counties.

HENRY T GAGE,
Governor of the State of California.

Mr. Johnson moved that consideration of the Governor's message vetoing Assembly Bill No. 5 be made special order for Monday next.
So ordered.

REPORTS OF STANDING COMMITTEES.

ON MUNICIPAL CORPORATIONS.

ASSEMBLY CHAMBER, SACRAMENTO, March 10, 1899.

MR. SPEAKER: Your Committee on Municipal Corporations, to whom was referred Senate Bill No. 427—An Act to amend an Act entitled "An Act to provide for the classification of municipal corporations," approved March 2, 1883, and an Act amendatory thereof, approved April 1, 1897—have had the same under consideration, and respectfully report the same back, and recommend that it do pass.

RAW, Chairman.

Senate Bill No. 427 ordered on second-reading file.

ON COMMISSIONS AND PUBLIC EXPENDITURES.

ASSEMBLY CHAMBER, SACRAMENTO, March 10, 1899.

MR. SPEAKER: Your Committee on Commissions and Public Expenditures herewith submits its final report, as follows:

I.

During the session there have been referred to this committee ten bills, numbered, respectively, Assembly Bills Nos. 186, 206, 208, 232, 275, 290, 350, 466, 468, and 548; and also Senate Bill No. 320; upon all of which bills the committee has heretofore made the appropriate investigations and reports to the House.

Of these bills the more important were as follows:

Assembly Bill No. 166, by Mr. Wade—Providing for the manner of publishing proposed amendments to the Constitution—was reported favorably by this committee, and

has become a law. It is understood that the passage of this law will save the State large sums of money at each biennial election.

Also: Assembly Bill No. 206, by Mr. Muentner—An Act having for its object a change in the law with regard to sworn statements of assets held and owned by banks on the first Monday of March of each year. This bill was reported favorably by this committee, has passed the Assembly, and has been defeated in the Senate. If it had become a law, this bill would have secured a large increase in the assessments of cash assets of banks throughout the State.

Also: Assembly Bill No. 208, introduced by Mr. Conrey, chairman of this committee—A bill having for its object the establishment of a Civil Service Commission, for the purpose of regulating and improving the civil service of the State. Your committee was unable to agree with respect to the merits of this proposed legislation, and the bill was afterwards refused passage by the Assembly.

Also: Assembly Bill No. 290, by Mr. E. D. Sullivan, and Assembly Bill No. 350, by Mr. Dibble, having for their object the creation of a State Board of Charities and Corrections. Your committee introduced as a substitute for these bills Assembly Bill No. 690 which has been passed by the Assembly and is now pending in the Senate. This bill is formulated in harmony with similar laws existing in some of the Eastern States; and if it shall become a law will, without large expense to the State, provide valuable checks upon the expenditure of public moneys in connection with public institutions of a charitable nature, which are supported or aided by the State.

Also: Assembly Bill No. 548—An Act to regulate the practice of architecture. This bill was reported unfavorably by this committee, for the reason that, in the opinion of the majority of the committee, the bill was not carefully prepared. A bill having the same object has passed in the Senate, and is now pending in the Assembly.

Also: Assembly Bill No. 466—An Act to increase the membership of the auditing board to the Commissioner of Public Works. This bill was reported by your committee with the recommendation that it do not pass.

II.

On January 14, 1899, a resolution introduced by Mr. Johnson was adopted, authorizing and directing this committee to inquire into the management of all the State commissions, and report to the House, by bill or otherwise, what, if any, changes are needed therein; what, if any, commissions could be abolished, and what, if any, saving can be effected in the management of said commissions.

Pursuant to said resolution, your committee, on January 18, 1899, requested the clerk of the committee, Mr. J. L. Maude, to furnish to the committee a list of the different State commissions, and a statement of the expenditures for salaries and incidental expenses of each commission during the past two years. Under said instructions a report was made, based upon facts obtained from the State Controller. The data therein contained was set forth in the annual report of the State Controller, and in the reports of the various commissions, and need not be set forth at length in this committee report. The principal commissions or bureaus which your committee understood to be within the scope of said resolution are as follows:

1. State Board of Equalization—This board is provided for and its duties defined by the Constitution of the State. The same is true of the Board of Railroad Commissioners.

2. State Mining Bureau—The total expense of this bureau for the forty-ninth fiscal year was \$25,803 01. A detailed statement with regard thereto may be found on page 176 of the report made on February 2, 1899, by the committee appointed by the Senate to make an examination of State institutions.

3. Insurance Commissioner—This office is supported substantially by fees received from the various companies doing an insurance business in the State.

4. Bureau of Labor Statistics—On January 20, 1899, Assembly Bill No. 376 was introduced by Mr. Rickard, to extend and enlarge in certain respects the duties performed by the Bureau of Labor Statistics. This bill having been referred to the Committee on Labor and Capital, and not to your Committee on Commissions and Public Expenditures, was reported favorably, and has been passed by the Assembly. Your committee therefore assumes without investigation that the Assembly is satisfied that the Bureau of Labor Statistics is a useful institution.

5. Fish Commissioners and Game Warden—On February 11, 1899, Mr. Johnson introduced Assembly Bill No. 741—An Act to create the office of State Game Warden. This bill has been passed by the Assembly, and was recommended by the Committee on Fish and Game. This Committee on Commissions and Public Expenditures therefore assumes that State guardianship of the fish and game interests by means of commissioners and wardens has been approved by the Assembly after all necessary investigation.

6. Board of Horticulture—This commission is largely supported in its work by volunteer contributions made to it by the horticulturists of the State, which we are told in the aggregate exceed the appropriations made by the State.

7. Yosemite Valley and Mariposa Big Tree Grove Commission.

8. Code Commissioners—It is understood that within the next year this commission will have completed its labors, and on completion of the preparation of its reports to the Legislature on the revision of the codes and other statutes of the State, the said commission will go out of existence.

9. Commissioner of Public Works—On January 20, 1899, Mr. Raub introduced Assembly Bill No. 343—"An Act to create a Commissioner of Public Works, defining his duties and powers, and fixing his compensation." This bill was referred to the Committee on Public Works, State Capitol, and Parks, and not to your Committee on Commissions and Public Expenditures. Said bill was reported favorably and has been passed by the Assembly, and your committee therefore infers that any investigation required on this subject was satisfactorily made by the committee to which said bill was referred.

10. Department of Highways—Under the provisions of an Act creating the Department of Highways, the terms of the three commissioners expire two years from the date of their appointment, which time of expiration will be in May, 1899; thereafter one commissioner is to be appointed for a term of four years, to perform all the duties and work now performed by the three commissioners. Numerous bills have been introduced into the Assembly, and received from the Senate, having to do with the State Highways, and with the duties of the Department of Highways. All of these bills have been referred to the Committee on Roads and Highways, and not to your Committee on Commissions and Public Expenditures, and your committee assumes that all necessary investigations into the Department of Highways have been made by the committee having said bills in charge.

11. Bank Commissioners—The expenses of the Bank Commissioners are paid from the Bank Commissioners' Fund, which is a tax on State banks and does not come directly from the State Treasury. Suggestions have been made to your committee indicating that important changes should be made in the law relating to Bank Commissions. The construction of a satisfactory revision of the law on this subject involves the solution of problems which your committee is not fully competent to undertake at this time, in the midst of the haste and confusion of general legislative work.

12. Building and Loan Commissioners—The expenses of this commission are paid from the Building and Loan Association Inspection Fund.

13. Debris Commissioner—On January 20, 1899, Mr. Devoto introduced Assembly Bill No. 355—"An Act amendatory to the Act providing for and defining the duties of the Debris Commissioner", which bill was referred to the Committee on Mines and Mining Interests, and not to your Committee on Commissions and Public Expenditures. Said bill was reported favorably, and this committee assumes that all necessary investigations into the matter of the necessity for continuing the office of Debris Commissioner were made by the committee to which said bill was referred.

14. State Dairy Bureau—On January 11, 1899, Mr. Atherton introduced Assembly Bill No. 124—"An Act providing for the inspection of dairies with reference to their sanitary condition, and appropriating money therefor." Said bill was referred to the Committee on Dairies and Dairy Products, and not to this committee. The bill was amended and reported favorably by the committee to which it was referred, and the corresponding Senate Bill No. 59, having been substituted for Assembly Bill No. 124, was duly passed by the Assembly. Your committee understands that in considering said bill the Committee on Dairies and Dairy Products made the necessary investigations into the matter of the necessity for a State Dairy Bureau and the management of and expense thereof.

15. San Francisco Harbor Commission—The report of the Senate committee on examination of State institutions, submitted to the Senate on February 2, 1899, at pages 179 and 183, contains a summary of facts ascertained by said Senate committee; the testimony taken by said committee with respect to said Harbor Commission, as well as with respect to other State commissions and institutions, has also been submitted to the Senate with said report, and we presume will be published for future reference, in order that the State may obtain the full benefit of the examination thus made at large expense. The matters that might be inquired into in regard to the State Board of Harbor Commissioners are of such a nature and of such magnitude as to be far beyond the reach of this committee during the session of the Legislature. This is especially true by reason of the fact that the State Harbor Commission at San Francisco makes absolutely no accounting to the State Board of Examiners or the State Controller of its expenditures or doings. It is expected that the law will be changed by amendments carefully prepared, so that the accounts of said Harbor Commissioners will in the future come under the supervision of the State Controller's office and State Board of Examiners. (See Assembly Bill No. 554, introduced by Mr. Valentine, which passed this House on February 27, 1899.)

16. State Lunacy Commission—On January 28, 1899, Mr. Raub introduced Assembly Bill No. 506, making important changes in the Act establishing the State Lunacy Commission; which bill was referred to the Committee on State Hospitals and Asylums, and not to this committee. Said bill having been reported favorably, and amended, has been passed by the Assembly. Your committee has assumed that the matter of the necessity for and mode of operation of the work of the State Lunacy Commission was fully examined into by the committee to which said bill was referred, and that the said bill, which has been passed by the Assembly, makes all necessary amendments in the law with reference to said commission.

III.

There are also a number of small expenditures made by special committees and commissions, of which the one consisting of members of the Legislature to examine into uniformity of legislation is an example. The Senate committee for investigation of State institutions is another example thereof.

Your committee finds with regard to these and all of the commissions above mentioned, that they have been established by law in response to necessities created by conditions existing in State institutions, or else in response to popular demands made on behalf of important industrial interests existing within the State. It is easy for unthinking persons to assert that the State is burdened by a lot of extravagant and wholly useless commissions. It is not so easy to find a place where such institutions can be rooted out and destroyed without detriment to the proper management of necessary State institutions, and without injury to important public interests.

The work of reform along these lines necessarily consists not in destruction, but in reconstruction. For example, there might be created a Board of Control of Public Works, as has been done in the State of New York, and elsewhere. This board might have its divisions; such as Department of Highways, Drainage and Reclamation, Débris Commission, etc.

Also, the offices of Bank Commissioners, Building and Loan Commissioners, and Insurance Commissioner, might be united under one general system of control.

Also, the State Board of Agriculture, the State Board of Horticulture, the State Dairy Bureau, and the State Veterinary Medical Board, are institutions which touch interests that are closely allied, and might very properly be placed under one common control, as the Department of Agriculture.

Each of these tasks of constructive legislation involves so much thought and labor that it cannot be satisfactorily performed by a legislative committee existing only during the time that the Legislature is in session, and while its members are in the midst of the distractions and numerous labors imposed upon them as representatives of the people.

Your committee believes that the present chief executive officer of the State, in harmony with the policy outlined in his inaugural address to the Legislature, will see to it that these necessary State institutions will be managed with all the economy consistent with the needs of the State, and that he will encourage the work of constructing reformatory legislation.

Your committee calls attention to the fact that in the Act approved March 28, 1895, establishing a commission for the "Revision and Reform of the Law," in Section 6, Subdivision 8 of the said Act, it is provided that said Commission shall report to the Legislature from time to time "such suggestions as they may deem proper for the promotion of public welfare and the best interests of the State."

We are informed by the Code Commissioners that they have given a great deal of attention to these topics, and that their final report will contain recommendations proposing legislation to reorganize the State Commissions upon a plan constructed along the lines hereinabove indicated.

Your committee, therefore, recommends that the Code Commission be requested to continue and complete said work, and that its report be accompanied by bills drafted to carry into effect the recommendations made, so that the same may be ready for the action of the Legislature at the next session thereof.

Respectfully submitted.

CONREY, Chairman.

Mr. Conrey moved that the report be printed in the Journal.
So ordered.

DIBBLE, Chairman.

SPEAKER: Your Committee on Rules and Regulations, having had under consideration the resolution offered by Mr. Melick, providing that after the 13th inst. there should not be any substitution permitted on the printed files, except by one day's notice, now report the same back, with a recommendation that it be not adopted.

Your committee are of the opinion that if such resolution had been offered at the beginning of the session there would not have been objection to it; but inasmuch as many members have availed themselves of the privilege of substituting one bill for another on the files, it would not be fair to other members, who have not availed themselves of such privilege, to change the practice at this time.

Your committee have also had under consideration the resolution offered by Mr. Cowan, providing that the History Clerk be directed to make an index to the Daily History of the condition and position of all Assembly Bills passed by the Senate and Assembly and presented to the Governor, and report the same back, with the recommendation that the same be not adopted.

Subsequent thereto three Assistant Sergeants-at-Arms visited the Clunie Opera House, in the City of Sacramento, for the purpose of executing said warrant of arrest. Upon their arrival at the theater, the manager thereof, Mr. George W. Ficks, the defendant, was informed of the object of their visit.

They were admitted to the theater at a time when the curtain was up, the house darkened, and the play in progress. The officers awaited the fall of the curtain between the third and fourth acts, with the expectation that the lights would be turned on between said acts. The testimony shows that the lights were not turned on between those acts, as is customary between acts at this theater. The officers made an examination of the theater in search of the missing Assemblymen, but did not discover any, owing to the semi-darkness prevailing in the theater, as was testified to by the officers.

It is the uncontradicted testimony of Mr. Ficks that on the night of the 7th inst. a visiting company, with its stage manager, had absolute control of the lights, and that he had no authority either to turn on or turn off the lights during that night, while the visiting company had charge of the stage. Mr. Ficks testified that he did not request or order that the lights should not be turned on between said acts, and that he does not know the reason why they were not turned on.

We were unable to secure the attendance of the stage manager of the visiting company, and therefore we have the unimpeached testimony that Mr. Ficks did not interfere in any manner whatever with the lights in the theater on that occasion.

We also find that no member of this House advised or instructed said Ficks to interfere with or obstruct the process of the Assembly in any manner whatsoever.

Wherefore, your committee finds that the testimony in this matter shows that Mr. George W. Ficks is not guilty of the charge of contempt of this Assembly, and we recommend the dismissal of the proceedings against him, and further recommend that your committee be discharged.

MOTION.

Mr. Mack moved to take up report of select committee *in re* G. W. Ficks, contempt proceedings, presented yesterday, ordered printed in Journal, and made special order for to-day.

So ordered.

REPORT OF SPECIAL COMMITTEE—(OUT OF ORDER).

ASSEMBLY CHAMBER, SACRAMENTO, March 14, 1899.

MR. SPEAKER: Your special committee of three, appointed in pursuance of the following resolution, to wit:

Resolved, That the Speaker appoint a select committee of three to take testimony and report the facts in connection with the arrest of George W. Ficks, for interfering with the Sergeant-at-Arms, and obstructing the process of the House; that the Speaker assign one of the official stenographers to report the testimony, and one of the committee clerks to act as clerk of said committee;

Resolved, That the committee be given power to send for persons and papers,

Resolved, That said committee be instructed to ascertain and report whether any member of the House advised or instructed said Ficks to interfere with or obstruct the process of the House in any way,

Resolved, That the committee be instructed to report on Friday next.

Beg leave to report as follows. We have fully and carefully examined witnesses on behalf of the Assembly and the defendant, and find that on the night of the 7th inst., during a call of the House, it was found that several members of the Assembly were absent, and a warrant for their arrest, properly signed by the Speaker and Chief Clerk, was duly issued and handed to the Sergeant-at-Arms for service. Subsequent thereto three Assistant Sergeants-at-Arms visited the Clunie Opera House, in the City of Sacramento, for the purpose of executing said warrant of arrest. Upon their arrival at the theater, the manager thereof, Mr. George W. Ficks, the defendant, was informed of the object of their visit.

They were admitted to the theater at a time when the curtain was up, the house darkened, and the play in progress. The officers awaited the fall of the curtain between the third and fourth acts, with the expectation that the lights would be turned on between said acts. The testimony shows that the lights were not turned on between those acts, as is customary between acts at this theater. The officers made an examination of the theater in search of the missing Assemblymen, but did not discover any, owing to the semi-darkness prevailing in the theater, as was testified to by the officers.

It is the uncontradicted testimony of Mr. Ficks that on the night of the 7th inst. a visiting company, with its stage manager, had absolute control of the lights, and that he had no authority either to turn on or turn off the lights during that night, while the visiting company had charge of the stage. Mr. Ficks testified that he did not request or order that the lights should not be turned on between said acts, and that he does not know the reason why they were not turned on.

We were unable to secure the attendance of the stage manager of the visiting company, and therefore we have the unimpeached testimony that Mr. Ficks did not interfere in any manner whatever with the lights in the theater on that occasion.

We also find that no member of this House advised or instructed said Ficks to interfere with or obstruct the process of the Assembly in any manner whatsoever.

Wherefore, your committee finds that the testimony in this matter shows that Mr. George W. Ficks is not guilty of the charge of contempt of this Assembly, and we recommend the dismissal of the proceedings against him, and further recommend that your committee be discharged.

MACK,
E D SULLIVAN,
CLOUGH,
Committee

Mr. Conrey moved that the report be adopted and the committee discharged.

So ordered.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 15, 1899. }

To the Assembly of the State of California.

I have the honor to inform your honorable body that I have approved Substitute for Assembly Bill No. 22—An Act to add a new section to the Penal Code, to be distinguished as Section 354½, making it a misdemeanor to sell or traffic in or reutil any cask, keg, bottle, vessel, siphon, can, case, or other package bearing the duly filed trademark or name of another, printed, branded, stamped, engraved, etched, blown, or otherwise attached or produced thereon.

HENRY T. GAGE,
Governor of the State of California.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 15, 1899. }

To the Assembly of the State of California.

I herewith return to your honorable body, without my approval, Assembly Bill No. 351, with my objections thereto.

This bill attempts to amend Sections 8 and 10 of the Act approved March 11, 1897, relative to the Veterans' Home in Yountville, Napa County. By the amendments in this bill it is sought to turn over to the Treasurer of the home all money received from the Federal Government, to be controlled by the managers of said institution.

This home is now a State institution, and directly under State control, and all money for its support should be directly handled by the State Treasurer, and all claims should be approved by the Board of Examiners, and after approval warrants should be drawn in payment therefor by the Controller upon the fund set apart for the support of the home.

This method would insure economy, and is itself in harmony with the Act of Congress approved August 27, 1888 (U. S. Statutes at Large, 1888, Chap. 914, p. 450), which provides that the money appropriated by the Federal Government for the support of such homes shall be paid directly to the State and not to the home.

For the foregoing reason, I disapprove of the bill.

HENRY T. GAGE,
Governor of the State of California.

CONSIDERATION OF GOVERNOR'S VETO.

COMMUNICATION.

To His Excellency the Governor, the Senate and Assembly of the State of California.

In behalf of the Republican Good Government League, representing over two thousand five hundred Republican voters of Santa Clara County, we most earnestly protest against the enactment of Senate Bill No. 308 or Assembly Bill No. 1000, now pending before your honorable bodies, "To establish a uniform system of county and township governments," as well as against the enactment of any statute whereby the number of county officers are increased in said County of Santa Clara, or their salaries increased; and we most respectfully show that in the year 1894 the Salary Fund of Santa Clara County, which consists of a general levy, and the fees and fines collected by the several officers, amounted to the following:

General tax levy, 9 cents	\$50,861 00
Fees and fines	23,000 00
	<hr/>
	\$73,861 00

That by the Act of 1897, Section 161, the salaries of officers in said county were increased in the sum of \$15,800.

That in addition to the numerous salaried officers created by the Board of Supervisors, the officers and salaries provided by the statute of 1897 are as follows, payable from the County Treasury.

County Clerk, per annum	\$9,000 00
County Clerk, additional deputy	1,200 00
Sheriff (and mileage in certain cases)	9,520 00
Recorder	8,000 00
Auditor	4,000 00
Tax Collector (including all fees as License Collector)	7,000 00
Treasurer	4,000 00
Assessor	9,500 00
Assessor, one deputy	1,200 00
District Attorney	3,200 00
Assistant District Attorney	1,800 00
Deputy District Attorney	1,200 00
County Superintendent of Schools	2,000 00
County Superintendent's Assistant	900 00
The Surveyor, his fees	
The Coroner	600 00
Each Supervisor, as such	1,200 00
Each Supervisor, as Road Commissioner, with mileage 20 cents to and from the county seat	500 00
Public Administrator, his fees	
Health Officer	600 00

It would seem that the above salaries are most liberal; in fact, almost extravagantly so. And under this Act of 1897 the Salary Fund of Santa Clara County was as follows:

General levy, 14.50 cents	\$73,981 00
Fees and fines collected	24,836 00
	<hr/>
Total	\$98,817 00

An increase over 1894 of tax levy from 9 to 14.50 cents, and an increase in amount raised of \$24,956

It is proposed by the bills now before the Senate and Assembly to add the following, per Section 161

Clerk of the Board of Supervisors	\$1,500 00
Under Sheriff	1,800 00
License Collector	1,800 00
District Attorney's clerk	1,200 00
Prosecuting Attorney, Justice's Court	1,500 00
County Surveyor, salary	2,400 00
County Surveyor, clerk	1,500 00

While in the Senate Bill it is proposed to give the License Collector ten per cent of licenses collected, which will amount to at least annually the sum of \$2,500, in addition to his salary of \$1,800 provided

In many other respects increased expenditures are provided.

It is conceded by all officials of our county that the present force of officers is enough to fully and promptly discharge all the duties required of them by law; that such proposed increase is unwarranted, and will add many thousands of dollars to our already burdened taxpayers.

Wherefore, in the interests of good government, of economy, of justice, and of the taxpayers of Santa Clara County, we most earnestly protest against any change in the law whereby the offices or their salaries are increased, or the powers of the County Board of Supervisors enlarged.

Most respectfully,

J. R. LEWIS,
E. A. HAYES,
C. M. WOOSTER,
Committee.

Mr. Arnerich moved that the communication be printed in the Journal.
So ordered.

MOTION.

Mr. McDonald of Alameda moved to reconsider the vote whereby Assembly Bill No. 867 was finally passed, and further moved to lay the motion to reconsider on the table.

So ordered.

ON STATE PRISONS AND REFORMATORY INSTITUTIONS

ASSEMBLY CHAMBER, SACRAMENTO, March 16, 1899.

MR SPEAKER: Your Committee on State Prisons and Reformatory Institutions having on February 12, 1899, visited the Preston School of Industry, situated at Ione, respectfully report as follows:

From our investigations of the management of the institution we feel satisfied that it is good. We drove over the lands belonging to the institution, and found the fences in a very dilapidated condition and scarcely any material in them of value, other than the barbed wire. Owing to the condition of the fences, other stock has found it easy to break through and roam on the grazing land at will, and frequently on the lands under cultivation.

The lands under cultivation have been well cared for and we find the stock in good condition, well kept and well housed.

The cows and hogs are of excellent breeds.

The water supply is abundant, but not of a very good quality, and not suitable for drinking purposes. The source of this supply is from a reservoir about three miles distant, and is brought to the school by pipe-line and ditch. We feel assured that with a filtering reservoir it may be greatly improved, and can be used for all purposes. The water for drinking and cooking is brought from a spring about a mile distant, but we hope this extra trouble may be dispensed with after the filtering process is put in operation.

We found the buildings in good condition. Two cottages, each about 500 feet from the administration building, are now under construction. The cottages are for the purpose of segregating the pupils—the younger ones from the older.

An annex to the administration building is very much needed. It is to be used as the boys' assembly-room, dining-room, and kitchen. The present dining-room is inadequate, the boys being crowded into this small room, and it is impossible for the officers to pay proper attention, and give the boys satisfactory training while at the dining table, on account of the present crowded condition. The buildings are lighted by electricity, the power plant being owned by the school.

Your Committee on State Prisons and Reformatory Institutions, having visited the prison at Folsom, respectfully report:

This prison is situated on the bank of the American River, and we consider it a fine location.

The management of this institution is one of the best of the State.

An appropriation of \$4,000 is wanted to purchase a piece of land, containing 250 acres, adjoining the prison grounds. In our opinion it would be a very good investment, and it would be unwise for the State to let this opportunity pass. A large part of this land can be used for the production of hay and of other products, which would materially reduce the expense for the support of the institution. Part of this land is covered by wood. The wood would more than pay for the land by the use of prison labor to cut and haul the same for the use of the prison.

The sanitary condition of the prison is good. The abundant water supply furnishes all the wants necessary for the flushing appliances, and everything is kept strictly clean.

Also:

On Sunday, February 19, 1899, your committee visited the prison situated at San Quentin.

We consider the management of this institution good. It is the most difficult of the State penal institutions to manage, on account of the large number of prisoners confined therein, it being located near the center of a large population, easy of access, and the

county road which runs through the grounds makes it easy for the secretion of fire-arms, opium, clothing—other than the garb worn by prisoners—and weapons of almost every kind, on the prison grounds, which keeps some of the prisoners always on the alert for an opportunity and a way to escape.

The cost of the land owned by the State was \$51,000, an average of \$124 per acre. There are 115 acres of this land covered by tide water. It is very important for the State to hold part of this tide land as a water front.

There are about two hundred acres on the main land, which is of poor quality. Nearly one hundred acres of it is barren and non-productive, on account of its being clay land, and the top soil to a depth of several feet being stripped off in former years for the purpose of making brick. The three acres used for vegetables and about seventy acres for hay furnish but a small part of the amount needed for the consumption at the prison. There is no ground around the prison where products can be grown in sufficient quantities for the necessary requirements at the prison.

The prison gets its water supply from the Marin Water Company, at a cost of thirty cents per thousand gallons. The main source of this supply is Lake Lagunitas, which amounts to about \$6,000 per annum for the water supply at the prison.

ASSEMBLY CHAMBER, SACRAMENTO, March 16, 1899.

MR. SPEAKER: Your Committee on State Prisons and Reformatory Institutions, to whom was referred a resolution introduced by Mr. Milce, relative to selecting a new site for a State Prison, etc., have had the same under consideration, offer a substitute, and respectfully report the substitute back, and recommend that it be adopted, as follows:

"WHEREAS, The outbreak lately attempted at San Quentin Prison led to the discovery of implements in the possession of convicts, which were placed on the prison grounds by outsiders; and

"WHEREAS, Opium and other articles have and do, in like manner, come into the possession of the prisoners; and

"WHEREAS, The close proximity of the said prison to one third of the population of the State, and the cheapness with which people can reach it, is responsible for the condition above referred to; and

"WHEREAS, Many changes, involving large expenditures, will have to be made before many years if said prison is to be maintained; and

"WHEREAS, A public institution of that character should have an extensive tract of land and should be at a distance from large centers of population; and

"WHEREAS, Such land should be of the character and fertility to enable such institution to produce vegetables for the inmates and feed for the stock, and thus reduce the cost of maintenance thereof; and

"WHEREAS, There is very little land at said prison for such purposes; and

"WHEREAS, The land now owned by the State at said prison has become valuable and can be disposed of to advantage; and

"WHEREAS, The time is fast approaching when another site will have to be selected; therefore, be it

"Resolved by the Assembly, the Senate concurring, That the State Board of Prison Directors be and they are hereby authorized to consider the matters hereinbefore referred to, and report to the next session of the Legislature what, if anything, ought to be done concerning the establishment of a new prison, and the gradual removal of the San Quentin Prison, and also to make such recommendation concerning the location of such new prison as the interests of the State and the economical and safe administration thereof may demand"

Such legislative body is empowered to, and it shall, appoint the officers of such election, who shall be, for each voting place in such municipal corporation, and for such voting place, in said new territory (and in each of them if there be more than one thus to be voted on), two judges and one inspector, each of whom shall be a qualified elector of the voting precincts in which he is appointed to act as an officer of such election. The ballots used at such an election, the opening and closing of the polls, and the holding and conducting of such an election, shall be in conformity, as far as may be, with the general laws of this State concerning elections; and the judges and inspectors of such election shall immediately, upon the closing of the polls, count the ballots, make up and certify the tally-sheets of the ballots cast at their respective polling places, seal, and then immediately return the same as below provided, doing so as near as practicable in the manner provided in the election laws of this State; but the ballots, tally-sheets, and returns shall be so returned to and deposited with the clerk of such legislative body. Such legislative body shall, at the time provided for its regular meeting next after the expiration of three days from and after the date of said election, meet and proceed to open and canvass said ballots, tally-sheets, and returns; and such canvass shall be completed at such meeting, if practicable, and in any event, as soon as practicable, avoiding adjournment or adjournments, if possible, until said canvass is completed. Such canvass by such legislative body shall be conducted and completed as follows: The ballots cast in such outside territory or territories so proposed to be annexed, together with the tally-sheets and returns belonging therewith, shall be canvassed separately; and the ballots cast inside of said municipal corporation, together with their tally-sheets and returns, shall be canvassed separately. Immediately upon the completion of such canvass said legislative body shall cause a record thereof to be made and entered upon its minutes, showing the whole number of ballots cast in such outside territory, or if the proposition for the annexation of more than one territory or district shall have been submitted, then in each of said territories respectively, the whole number of ballots cast in such municipal corporation, the number thereof cast in each in favor of annexation, and the number thereof cast in each against annexation; and if it appear from such canvass that a majority of all the ballots cast in any of the territories

sought to be annexed and a majority of all the ballots cast within the municipal corporation be for the annexation of such territory, the clerk, or other officer performing the duties of clerk, of such legislative body, shall promptly make and certify, under the seal of said municipal corporation, and transmit to the Secretary of State, a copy of said record so entered upon said minutes, together with a statement showing the date of said election and the time and result of said canvass, which document shall be filed by the Secretary of State immediately upon the receipt thereof. From and after the date of the filing of said document in the office of the Secretary of State, the annexation of such territory so proposed to be annexed shall be deemed and shall be complete, and thenceforth such annexed territory shall be, to all intents and purposes, a part of such municipal corporation, except only that no properties within such annexed territory shall ever be taxed to pay any portion of any indebtedness or liability of such municipal corporation contracted prior to or existing at the time of such annexation. No territory which, at the time such petition for such proposed annexation is presented to such legislative body, forms any part of any incorporated town or city, shall be annexed under the provisions of this Act.

And in all cases in which the Supreme Court shall acquire jurisdiction it shall have further jurisdiction to decide all questions properly presented on the record, whether or not they be such as of themselves would entitle the court to take jurisdiction of the cause.

There shall in each year be four regular sessions of each District Court of Appeal, commencing on the second Monday in February, May, August, and November. Whenever any Justice of a District Court of Appeal is for any reason disqualified or unable to act in any cause pending before it the Chief Justice may appoint a Judge of a Superior Court, who has not acted in the cause in the court below, to act *pro tempore* in the place of the Justice so disqualified or unable to act. A Justice of one District Court of Appeal may at any time sit as a Justice *pro tempore* in any other District Court of Appeal upon the written request of any Justice of said court; every Justice *pro tempore* of the Supreme Court or of the District Court of Appeal, while acting as such, shall have the same power and authority as the Justice of such court.

The several District Courts of Appeal shall have appellate jurisdiction in every civil action, proceeding, and special proceeding commenced and determined and (on questions of law alone) in every criminal action prosecuted by indictment or information in the Superior Courts within their several appellate districts, excepting only those actions, proceedings, or special proceedings in which an appeal direct to the Supreme Court from the Superior Courts is expressly allowed by this article. The statutes now in force allowing, providing for, and regulating appeals to the Supreme Court shall apply to appeals to the District Courts of Appeal, so far as consistent with this article, until the Legislature shall make provisions for appeals to said courts.

The judgments and decrees of the District Courts of Appeal shall be final in all cases embraced within their appellate jurisdiction, except in the following cases:

The District Courts of Appeal shall have power to issue within their respective districts writs of mandamus, certiorari, prohibition, quo warranto, and habeas corpus, and shall likewise have power within such districts to issue all writs and orders necessary or proper to the complete and effectual exercise of their appellate jurisdiction. Each Justice of the District Courts of Appeal shall have power to issue writs of habeas corpus to any part of the appellate district in which he sits, and any such writ may be made returnable before the Justice who issued it, or the court from which it was issued, or any Justice thereof, or before any lower court of record, or before any Judge thereof.

Unless oral argument be waived by the parties with the consent of the court every cause and matter in the Supreme Court and in any District Court of Appeal (except such applications as may be made ex parte) shall be orally argued by the parties or their counsel in open court; but this shall not prevent the courts from requiring that the points to be argued and considered, together with a list of authorities to sustain such points, shall be printed and filed before a cause is taken up for argument. All other judicial officers except Justices of the Peace may be removed by the Senate on the recommendation of the Governor; but no removal shall be made by virtue of this section unless the reasons therefor be entered on the Journal, nor unless the party complained of has been served with a copy of the complaint against him and shall have had an opportunity of being heard in his defense. On the question of removal the ayes and noes shall be entered on the Journal.

SEC. 16. The Legislature shall provide for the speedy and uniform publication of such opinions of the Supreme Court and of the District Courts of Appeal as may be ordered by said courts, respectively, and all such opinions shall be free for publication by any person.

MESSAGES FROM THE GOVERNOR.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 17, 1899.

To the Assembly of the State of California:

I herewith return to your honorable body, without my approval, Assembly Bill No. 373, with my objections thereto.

This bill proposes to amend Sections 3571 and 3572 of the Political Code.

The bill changes Section 3571 of the Political Code so as to repay the original purchasers from the State such money as they may have previously paid on certificates of purchase issued before the judgment of annulment.

As these certificates of purchase date back many years, and have had no value on account of their cancellation, it would, at this late day, be inadvisable to revive them, inasmuch as such policy might involve the payment from the School Land and Swamp Land funds of many thousands of dollars. The history of these certificates of purchase will probably show in many cases that some portions of the lands purchased were timber land, and the timber thereon was taken away before the claimants permitted the lands to revert to the State.

Again, the new policy outlined in the bill might be a very disturbing factor in the adjustment of the School Land and Swamp Land funds, and involve the State in much expensive litigation in an effort to equitably meet the demands of the holders of such annulled certificates.

The amendments proposed in this bill to Section 3572 of the Political Code permit the reissue and reinstatement of swamp land warrants, even where such warrants had been voluntarily surrendered. Such reissue is, in my opinion, extremely unwise, as such plan would reopen, after a lapse of many years, many now settled questions; and, although equity might justify such a policy in a few cases, it would not be justified in a general law.

The uncertainty as to the amount of money to be repaid by the State, as provided by the last clause of Section 3572 of this bill, calls for more elaborate and specific provisions than those expressed in this bill, in order to equitably adjust the differences between the State and the holders or assignees of certificates of purchase.

For these, among other reasons, I disapprove of the present bill.

HENRY T. GAGE,
Governor of the State of California.

Ordered on unfinished business file.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 17, 1899.

To the Assembly of the State of California:

I herewith return to your honorable body, without my approval, Assembly Bill No. 651, with my objections thereto.

This bill attempts to authorize and direct the Governor to appoint not less than two nor more than four "agents to prosecute the claims of the State for reimbursement by the United States of all moneys expended by the State during the Rebellion on behalf of the United States in aiding the California volunteers mustered into the service of the United States."

By Section 2 of this bill compensation is to be allowed each of such agents for services in "such sum or percentage of the amount as the Governor and each agent may agree upon," but not exceeding in the aggregate more than ten per cent of all sums collected on account of the State claims.

Under this provision the compensation must be agreed upon by both the agents and the Governor.

By Section 3, in event of settlement with the United States, it is provided that the payment of these agents may be made by the Governor in one of two ways—either by separating from the money received "a sufficient amount to pay each of the agents according to agreement," or by turning the money into the State Treasury, and permitting a legislative appropriation "for a sufficient sum to meet the full amount of the compensation allowed the agents, whose claim must then be presented for approval to

the Board of Examiners," and if approved the Controller is authorized to draw his warrant for such sum.

The claims referred to in the bill, known as the Rebellion War claims, which are attempted by this bill to be submitted to agents for collection, amount to the principal sum of \$3,951,915 42.

All the States of the Union, except California, Oregon, and Nevada, have been reimbursed for all or nearly all of the principal of their claims for the suppression of the Rebellion. While the claims of California, Oregon, and Nevada have been many times considered in Congress, and have passed the Senate in the fifty-third, fifty-fourth, and fifty-fifth sessions of Congress, yet they have failed to pass the House, and mainly on account of the prejudice engendered by the active lobbying of the claim agents who have pretended to represent these States.

If these claims of our State be founded in equity, and I am convinced that they are, the Federal Government will recognize their validity, and will pay them upon proper efforts in Congress by our Senators and Representatives, whose duty it is to secure for the State its legal and equitable demands. If the money belongs to the State, it should collect it through the proper official channels, without employing brokers or appointing partners to share in the collections. The honor of our State ought not to be impugned through the acts of delegated lobbyists, while prosecuting its claims against the National Government.

The duty of asserting these war claims lies with our Senators and Representatives, and they alone (as I stated in my inaugural address) should be requested to use every lawful effort for the passage of a Congressional Act for the payment to the State by the Federal Government of these long deferred demands, and thereby save to the State commissions aggregating \$395,191 54.

HENRY T. GAGE,
Governor of the State of California

Ordered on unfinished business file.

ASSEMBLY CHAMBER, SACRAMENTO, March 18, 1899.

MR. SPEAKER: Your Committee on Ways and Means beg leave to submit this, their final report for the thirty-third session of the Legislature.

Three hundred and sixty-two bills, carrying appropriations to the amount of \$5,750,-587 17 have been referred to and considered by this committee, of these, appropriations amounting to \$2,273,399 99 were reported favorably, \$575,332 adversely, \$408,845 referred to other committees, \$873,686 97 reported back with the recommendation that they be withdrawn, and reductions by amendment were made from the original sums asked for in those bills reported favorably, to the amount of \$526,093 87. This, briefly stated, shows the labor performed by the committee and the result of their work, only so far as it relates to special appropriations.

In addition to the labor and care required for the proper consideration of the foregoing bills, with their heavy appropriations, there devolves upon this committee the responsible and arduous duty of preparing the General Appropriation Bill, which provides for the support and maintenance of the various branches of the State government—State officers, institutions, boards, and commissions. The committee were greatly handicapped in obtaining the necessary data upon which to base their estimates, particularly for the various State institutions, such as hospitals, asylums, prisons, and reformatory schools, by reason of the reports of those institutions not being printed during the last year, and were forced to obtain the required information by extensive correspondence, and also from the various committees of the Assembly, appointed to visit said institutions. The utmost care has been taken in the preparation of the bill, to the end that no department of the State, whether great or small, should be hampered by insufficient appropriation. At the same time, equal care was observed that no unnecessary appropriation of money should be made; and the fact that the bill, as introduced, has passed both branches of the Legislature with very little change in the original figures, and that, as finally passed, it promptly received the approval of the Governor, and became a law without the veto of a single item, indicates the care and accuracy of the work expended upon the bill. In this connection it might not be amiss to say that this bill compares most favorably with those of the last two sessions of the Legislature. The General Appropriation Bill of 1895, when it reached the Governor for Executive action, carried appropriations to the amount of \$5,707,049 06. The same bill of 1897 reached the Governor's hands with appropriations amounting to \$5,343,178 16. The bill prepared and introduced by your committee, as it reached the Governor's hands and was approved by him, carries appropriations to the amount of \$5,056,944, being \$650,096 06 less than the amount appropriated in 1895, and \$286,234 06 less than the appropriation for 1897. In view of the fact that four years have passed in the first instance, and two years in the second, and that new institutions have since been created, and other demands arisen calling for appropriations to the amount of at least \$125,000 that were not then required, your committee feel a just pride in presenting the above comparison, and that our labors have been fruitful of results that will make a great saving to the already heavily burdened taxpayers.

The Tax Levy Bill, which is necessarily the companion of the General Appropriation Bill, has been prepared and introduced by your committee, passed the Assembly, and is now awaiting the action of the Senate. The office of this bill is to authorize the State Board of Equalization to raise, by proper tax levy, the amount of money required for the support and maintenance of the State government, its various institutions, boards, and commissions, also, for the School Fund, the Interest and Sinking Fund, and the fund for the support of orphans, half-orphans, and abandoned children. The total amount required for the first of the above purposes, as hereinbefore stated, is \$5,056,944; that required for the School Fund, \$4,866,680 (being an increase of \$475,762 over four years ago), for the orphans, half-orphans, and abandoned children, \$800,000 (being an increase of \$150,000 over four years ago), Interest and Sinking Fund, \$282,870, making a grand total to be raised under this bill for State purposes, of \$12,001,494. The increase of the School Fund and of the fund for orphans, half-orphans, and abandoned children, is based upon the increase in the school census, and in the number of unfortunate orphans, half-orphans, and abandoned children dependent upon the State for support,

and these figures cannot be reduced or changed from the estimates furnished your committee by the State Controller; but notwithstanding the enormous increase in these two items, the Tax Levy Bill, as presented by your committee to cover the State expenditures for the fifty-first and fifty-second fiscal years, shows a decrease of \$76,770 from the amount raised by the Tax Levy Bill covering the two corresponding years of the last administration.

Respectfully submitted.

VALENTINE, Chairman.

MESSAGE FROM THE GOVERNOR.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 18, 1899. }

To the Assembly of the State of California:

A solemn duty required of you as Assemblymen still remains unperformed. You have been elected as agents of the people not only to pass necessary and judicious laws, but as well to choose a United States Senator to serve the State in Congress. As such representatives you were elected, not to voice the desires of particular localities, but to carry out the will of the great majority of our people for their greatest possible good. Your personal feelings, your especial likes and dislikes, should therefore be subordinated to the sense of public duty. The people demand a United States Senator.

During the last political campaign no subject was of higher importance than the question of sustaining or opposing the plan of territorial expansion and the general national policy of our great President. That will of the majority of the people of this State, of all political predilections, as expressed at the polls, was in favor of the National Administration; and you were, in effect, instructed by that splendid majority to elect a Senator in accord with the views of the President.

The demand of the people being thus strongly manifested, no diversity of opinion, no private discords, should be permitted to prove an obstacle to the fulfillment of the popular desire.

In view of the great territorial expansion westward in the Pacific Ocean, the commercial interests of this State are too vast and its political position too important to be now impaired by your failure to choose a national representative.

The power to select a Senator is vested in you by the Constitution, by the law, and by the people, and the people require at your hands the exercise of that high prerogative.

And now, at the close of your session, in the discharge of my solemn duty as your Executive, I beseech you to disregard and discard your individual prejudices—your personal disagreements—and to obey the people's behest. I implore you, not as partisans, but as distinguished representatives standing upon the high plane of American citizenship, and as the agents of the great majority of the people who elected you, and also as the guardians of the minority of our people whom you likewise represent, to execute *at this time* the popular demand.

I implore you to falter no longer in the discharge of your high duty; to select for the State a proper representative for the United States Senate; to rise above the antagonisms which have been engendered during your long session; and to choose for the people a man fully equipped, mentally and morally, for the great office of United States Senator—a man of distinguished abilities and virtue, a man in whom the people will perceive just grounds for confidence—a man who will best subserve our commercial and political interests, and represent the dignity of our people.

HENRY T. GAGE,
Governor of the State of California
